

TYSON TEST

Fort Lauderdale, FL | tysonctest2004@gmail.com | [linkedin.com/in/tyson-test](https://www.linkedin.com/in/tyson-test) | tysonctest.github.io

Analyst with training in economics, business analytics, and finance, combining econometrics, forecasting, financial modeling, and client-facing research. Incoming Chewy Category Analyst with experience in congressional policy research, consulting, tutoring, and independent economic research.

EDUCATION

University of South Dakota, Beacom School of Business Vermillion, SD
Bachelor of Business Administration, May 2026 GPA: 3.93
Majors: Economics and Business Analytics | Minor: Finance | University Honors Scholar

EXPERIENCE

Chewy Plantation, FL
Incoming Category Analyst, Consumables Starting July 2026

- Selected for Chewy's Category Analyst Class of 2026 and assigned to the Consumables business.

U.S. House of Representatives - Office of Rep. Dusty Johnson Sioux Falls, SD
District Office Summer Intern May 2025 - Aug 2025

- Responded to constituent inquiries regarding federal legislation and supported casework, outreach, and district-office operations.
- Prepared research on proposed legislation and district priorities, including tax, infrastructure, veterans, and agricultural policy issues.

Coyote Business Consulting, Beacom School of Business Vermillion, SD
Student Consultant Sep 2024 - May 2026

- Supported client projects for manufacturing, economic-development, and university partners through research, data interpretation, and stakeholder-focused recommendations.
- Translated findings into survey instruments, reports, presentations, dashboards, and other client-facing deliverables.

Beacom School of Business Vermillion, SD
Business School Tutor Aug 2024 - May 2026

- Tutored students in intermediate microeconomics and macroeconomics, public finance, econometrics, business finance, and business statistics.
- Explained quantitative concepts and structured problem-solving approaches in individual and small-group sessions.

SELECTED RESEARCH AND PROJECTS

Honors Thesis - U.S. Federal Budget Deficits, Demographic Aging, and Real Long-Term Interest Rates 2025 - 2026

- Estimated annual U.S. time-series models for 1960-2023 to examine how demographic aging moderates the relationship between federal deficits and real 10-year Treasury rates.
- Used Stata, robust and Newey-West inference, interaction effects, marginal effects, and pre-/post-period specifications; completed and defended the thesis through the USD Honors Program.

State Fiscal Policy and Economic Performance ECON-421

- Analyzed the relationship between state fiscal and regulatory policy and economic performance using 2000-2020 data and econometric methods.
- Presented the project at the Missouri Valley Economics Association conference in Kansas City as USD's sole undergraduate student representative.

TECHNICAL SKILLS

Excel (Solver, PivotTables, VBA/macros) | SQL | Python | R | Stata | Econometrics | Forecasting | Financial modeling | Data visualization
